

April "Turnstile" center: finishes at 6"

Fabric

Color

White Background

Cut

Cut 1 - 4 1/2" square.... Sub-cut on both diagonals to yield 4 triangles

Turquoise print

Cut 2 - 4" squares.... Sub-cut on one diagonal to Yield 4 triangles

Pink print

Cut 1 - 4 1/2" square.... Sub-cut on both diagonals to yield 4 triangles

You will also need:

White background

4 - 3 1/2" squares

Flying geese units

4 - Measuring 3 1/2" x 6 1/2" unfinished
(Use the method of your choice)

Sewing: Use a scant 1/4" seam

Using the triangles cut from the 4 1/2" squares; piece a pink triangle to each of the background triangles. Double check your placement. The pink triangle should be on the LEFT.

Stitch the triangle units above to the remaining triangles.. Be careful when stitching on the bias so you don't stretch. Press towards the background triangle. Trim your units to 3 1/2". **Note:** *Your two components will be different sizes. This is because we cut on even 1/4" when cutting rather than on a 1/16". Match them at the center and stitch. Trim to size.*

Stitch the four units together to create a four patch. Double check your placement so that the pinwheels spin like they do in the picture. Press Measure to make sure it is **6 1/2"**

Add flying geese units to two opposite sides of the turnstile block. Press towards the center

Add background squares to the ends of both remaining flying geese units. Press towards the corner squares.

Finally, stitch the remaining flying geese and corner units to the last two sides of your block. Press. Measure to make sure your block is **12 1/2"**
