

Cutting Techniques and Tips (Seasonal Table Runner)

Seasonal Table Runners Pattern MUST be purchased in advance and is available at <http://www.quiltworx.com>.

All of the fabric to complete one Table Runner. Shops providing kits are listed on our websites.
General yardage requirements:

1- ½ Yard of a Light Background Fabric

¾ Yard of the Outer Circle Background Fabric (cover shows this in both light and dark color combinations, just make sure the fabric contrasts the circling geese fabrics effectively).

½ Yard each of 5 Textured Fabrics (note that 1 – ½ Yards of one fabric could be substituted for the five textured fabrics, which saves on waste. It simply depends on the effect you want to go for in your Table Runner.)

1 – ½ Yards for the Binding and Backing (Not needed for class, but you may want to purchase this with your fabrics).

Small size cutting mat (18" x 24")

60 or 45 mm Rotary cutter

24 Medium Size Binder Clips

24 Quart Size Ziploc Storage Bags

3 Gallon Size Storage Bags

Seasonal Table Runners Cutting Class: This is a 3-hour workshop involving detailed pre-cutting instructions for one of Judy's patterns. These instructions are typical of most of Judy's patterns and teach students the ease of which they can pre-cut fabrics using templates for paper piecing. She will include a half-hour demonstration at the end of the workshop of the paper piecing process so students can take their quilt home and complete it. Once students learn the pre-cutting tips and techniques Judy teaches, along with the organizational skills she has developed, even beginner students realize that any of Judy's patterns are within their realm of capability! Pre-cutting and fabric organization remains one of the tools that paper-piecer's versed in Judy's process treasure the most!
